**Captain Tim “Meat Wagon” Douglas, M.D.**

You are fresh out of medical school. You are only in the Army because it was the only way you could pay for the cost of school. You hope to complete your required service quietly and then go back to Wisconsin to practice in your home town.

### **Private Ella “Crowbar” Martinez**

You are from New York City. Your father owned a boxing gym. After your mother died, you were there every day after school until closing. Your father does not even try to hide his pride at your abilities in the ring. You met “Bugs” - Carmine Bugsey - at a bar right after you came home from training and you hit it off when you both realized that the other was in the Army. You have been inseparable ever since.

## **Anita “Tin Man” Hutchins**

You are one of the few Black female spies active in the CIA. Your German language skills have proven to be invaluable in the post-war, divided Germany. Unfortunately, your cover was blown when your head of station was compromised by a Soviet agent. They found a way to leverage your German skills by assigning her to be Dr. Kreuger’s “assistant” during his time at the Ice Dragon base. The CIA is very suspicious of the former Nazi, and has warned you that he has a weird fascination with the occult and may have anti-American sympathies. No one at the base is aware of your actual identity. You are anxious to get to Dr. Kreuger as soon as possible. A transportation mix up allowed him to get to the base several days ahead of you.
