*Dear Kenneth,*

*It's been several months since we met, and you must have been thinking about what I told you, I believe that you have realized the truth. It calls for you too. Maybe we can talk in peace now, I told the Old Man that his behaviour was inappropriate. I have been thinking about you a lot, I will visit you next weekend.*

*Dearest Kenneth,*

*I miss you so much, but fortunately there is only one more year left. I had a dream again, it was so beautiful, the Box is maybe some kind of energy source. The Old Man told me that he also had dreams when the Box was at his house. I'll bring it with me, so you too will be able to sense the forthcoming event. I will try to visit you again in June.*

*Dearest Kenneth,*

*After you read the notes I sent you, destroy them just in case. I have also learned more about the Day, it is soon, near the end of 1926. The Old Man returned from the West Coast a week ago, he had made pacts with the locals, now they are on our side. Nobody doubts anymore.*

*Dearest Kenneth,*

*Now we have a chance to be together, I'll arrive in Boston on the 4th and reside in the Golden Leaf Hotel, finally the waiting is over. Di'Chiara is now sure, it will be on September 30th, so we have almost four months. The Old Man told me that you had dreams when the Box was with you, that is a sure sign. I will send most of my books to my acquaintances in Europe, I no longer have any need for them. The reward will be enough for me. I will bring you something as a gift. I myself got a wonderful gift from our friends in Innsmouth, they understand the importance of our mission.*

*See you soon,*

*Miriam,*

*I read the texts that you sent me, they were incredible. I have learned much now and gained true wisdom. I wait for the day that we will fulfill our destiny and open the way. But I confess that even more I wait for the moment that I will hold you in my arms.*

*We shall meet soon.*

Dearest Kenneth,

Now we have a chance to be together, I'll arrive in Boston on the 4th and reside in the Golden Leaf Hotel, finally the waiting is over. Miriam,

I read the texts that you sent me, they were incredible. I have learned much now and gained true wisdom. I wait for the day that we will fulfill our destiny and open the way. But I confess that even more I wait for the moment that I will hold you in my arms.

We shall meet soon.

Your Kenneth

*...The men of god arrived and searched every place, they slayed Old Gillespie and burned his house, the sisters didn't find one piece of wood left uncharred. The cellar was saved, so they hid the requisites of the missing ones there. A priest led the soldiers through...*

*...The reward of Garakh-Sathla is more than I ever imagined, it is hard to see that anyone would decline such pleasures...*

*...The shadows of the night foresee that he is more than just one of them, not the most powerful, but still an immortal force, a flame that cleanses, a hand that caresses...*

*...So we will descend into the cellar of the ruins of the Gillespie house. There we will find what we need, can I trust them anymore...*

*...On THAT day from Salem to the northern woods... It's impossible to find without the omnipotent guidance of Sathla... But that day the bells will toll and guide us towards the reward, holy be the name of Shub-Niggurath... We shall join the others and open the way, but do we need them, I cannot know, but without the Box, it must be safe... Kenneth is ready now, I know it, I saw it yesterday.*
